

GOVERNMENT NEWS RELEASES HARM TOURISM C. OF C. PRESIDENT CHARGES

The indiscriminate release of sensational but incomplete news items by Provincial and Federal ministries and departments was condemned Monday by Haliburton Highlands Chamber of Commerce President Dennis Waymouth.

In a prepared release Mr. Waymouth cited recent instances of a Haliburton lake's contamination by mercury and the discovery of escaping cancer-producing radon gas in the Bancroft-Cardiff uranium mines area and the ensuing publicity in both cases. He said the Chamber is becoming more and more concerned with the effect on tourism that we may experience due to current government press releases. 'We suffered through the adverse publicity of mercury contamination and now they are hitting us with radon gas scares', he said.

Although downplaying the seriousness of both the mercury found in Koshlong Lake and the radon gas at Bancroft, Mr. Waymouth was quick to point out that 'if there were any genuine danger to the public, we would certainly not want any information in this regard repressed.'

In reviewing the pollution by mercury of Koshlong Lake Mr. Waymouth explained that both Natural Resources and Environmental ministries say there is no cause for alarm and that a steady diet of Lake Trout would be needed for the mercury to have an adverse effect on anyone.

With regard to the presence of radon gas, Mr. Waymouth pointed out that Atomic Energy Control Board officials 'will assure you that there is no immediate concern for either residents or tourists throughout the Bancroft region.'

Mr. Waymouth termed it 'indeed unfortunate' that while organizations such as chambers of commerce spend large amounts of money on promoting tourism, the type of information released by other government agencies often 'only serves to destroy these efforts.'

Advised of Mr. Waymouth's statement (see text, Page 5) Bill Altolt, a director of the Bancroft Chamber of Commerce and chairman of its Tourism Committee said he heartily endorsed it and said he believed not only his Chamber of Commerce but business and tourism

All Aboard!

There was an air of breathless anticipation and excitement about this group of Boy Scouts last Tuesday evening and well there should have been because within a

few short hours they boarded this bus and were off to Prince Edward Island and the Scouts Canadian Jamboree '77. With overnight stops in La Belle Province,

the young men will spend a total of ten days at the international scouting jamboree. Seen here as they take a breather from their packing chores are Leader

Ted Reid and Assistant Leaders Les Northey and Minden Scout Bill Beers as well as Boy Scouts Shane Blakey, Paul Northey, Tim Pritchard, Mike Pearson, Craig

Coney beare, Robert Heywood, Kevin Mann, Gerry Feltham, Darryl Crowe, Rick Beeney, Wayne Beaver.

Bizarre chase ends in driving charge

Haliburton Village held no formal celebrations on Canada Day, but a Gooderham motorcyclist ended up charged with dangerous driving after he took a page out of a Keystone Cops script to add some of his own thrills to the holiday weekend. When Provincial Constable Bob Wood stopped Bert Alexander Madill, 20, on a routine check in Haliburton Village, Madill decided he

operators alike felt exactly the same way.

'I totally agree' said Mr. Altolt. 'Mr. Waymouth is saying what most in this area feel.'

didn't want to hang around and talk to the officer and took off.

The chase was on! Madill raced off through Haliburton with P.C. Wood right behind, siren screeching and light flashing. A quick turn around near the Old Barn brought the chase back through downtown Haliburton and onto Highway Highway 519, with Constable Wood still in hot pursuit.

Madill, say police, passed cars on the right hand side of the road, but ran his motorcycle off the road and onto Haliburton Highlands Secondary School Athletic

Minden man convicted

A Minden area man has been found guilty of rape and gross indecency stemming from an incident which occurred almost a year ago.

Judge L. A. Woods handed down his decision in the General Sessions of the County of Victoria last week

field. Constable Wood then stopped his car, turned around and headed for the high school entrance. But just as he got there, Madill reversed and headed for town via the railway tracks where he abruptly

Charge two in breakin

Two Haliburton area men have been charged with the November 2, 1976 break-in at Brohm's Variety store in Haliburton.

According to police some \$190 worth of watches and following a three-day trial, Daniel Paul Warburton will be sentenced August 8th.

The conviction arose out of an incident in Mindenvillage when an 18 year-old Renfrew woman was raped and sexually assaulted last July.

stopped his motorcycle and awaited the officer's arrival. Madill has been charged with dangerous driving, no drivers licence for a motorcycle and no insurance.

cigarettes were stolen after thieves had removed a screen and then smashed a window to gain entry.

Investigating officer, Provincial Constable Al Bibby has charged Robert Roy Fowler, 27, of Donald and 29 year-old Laverne Woolley of Haliburton with one count each of break, enter and theft.

In an unrelated incident, which took place June 3, 1977, Fowler was subsequently charged with three counts of break and enter. Following an investigation by Provincial Constable Jim Martin into three cottage break-ins on Koshlong Lake, in which nothing was stolen, Fowler received the three additional charges.

The Haliburton Highlands Chamber of Commerce

This past long week-end brought the tourists back to Haliburton in abundance. Business throughout the County last week was relatively quiet considering school was out pretty well throughout the province, and most establishments have experienced a decrease this year is advanced bookings. We were starting to get just a little bit nervous about these trends, but this week-end has certainly been encouraging and it would appear that although there is certainly a reluctance this year by tourists to book in advance, they will still be visiting us in even greater numbers.

The Chamber held a Directors' Meeting last week and were pleased to have in attendance George Coling, Manager of the Central Ontario Travel Association, who brought the Directors up to date on some of their activities in Peterborough. Mr. Coling was very pleased with the response on COTA's latest newspaper promotions. 208 direct inquiries had been received at their office, and of these 60 per cent were specifically for the Haliburton area. This is quite gratifying when you realize that COTA represents 5 tourist regions. This type of enquiry was previously forwarded to our office to be dealt with, but in order to give the fastest possible response to the person inquiring arrangements were made to have the COTA office respond directly with our Haliburton brochures. We are therefore no longer receiving an inquiry list from COTA but are assured that the folks are getting all the information they require on our area.

Another guest at our Directors' Meeting was Mr. Bob Keeting, from Canada Manpower. Bob was with us to explain a new program designed to help young people who have recently left school to get on the job training. The job exploration program will provide subsidies of up to 50 per cent of the employees wages for the first nine weeks while training. This program starts this fall but it is understood that employers may make use of it at any time of year.

We note that the Bell Telephone has announced there will be no new directories for this area until approximately November. The Chamber still has a large supply of the directories that we published last year for the Haliburton, Bancroft, Cardiff, and Dorset areas. These books are available at stores throughout the County at only \$1.00 and are not only a very handy item but an investment in your Chamber of Commerce.

George Hardy phoned in to remind us that the Haliburton Highlands Pioneer Museum is now open for the season daily from 1 P.M. to 5 P.M. The Museum is located in Haliburton village adjacent to Rotary Beach and houses a great deal of memorabilia depicting the historical development of our region. While checking out Museums we must not forget the Kanawa International Museum of Canoes up at Camp Kandalore on Highway 35 near Dorset.

This week's 'tip of the hat' goes to Austin's Esso Service Station at Highway 35 and 121. Jack and Bill Austin this week announced that the business had been sold and we welcome heartedly Doug Lennie the new owner to our business community. Austin's Esso for many years has welcomed tourists to our area with extremely fast, friendly and efficient service. Located as it is this centre is often the first contact that the tourists have with anyone in our area, and it has been reassuring to see how well the public have always been treated here. Doug Lennie intends certainly to carry on this tradition and we are proud to have him as member of the Haliburton Highlands Chamber of Commerce.

Theatre 5 began this week at Haliburton Highlands Secondary School, and continues for the next 5 weeks on Monday evenings at 8:30 and is sponsored by the Haliburton Guild of Fine Arts. Advanced tickets in groups of four are available at reduced prices at many locations throughout the County including the Chamber office.

COMING EVENTS:

July 6 - 17 Haliburton Guild of Fine Arts Summer Exhibition & Sale at Haliburton Senior Elementary School.

July 9-10 Harcourt Fun Fair

July 11 'Workin' For A Living and All That Jazz'

Haliburton Highlands Secondary School at 8:30 p.m.

MINDEN PROGRESS

Minden, Ontario.

THEY ARE AWAY!

Unity is usually the result of co-operation not competition. Last week the emphasis in Ottawa was on national unity. Here in Haliburton County we witnessed the results of several months of co-operation by many individuals and groups. Twenty-two scouts and four leaders boarded a school-bus early on June 29th and headed for P.E.I. There they will spend 10 days in adventurous scouting activities along with 15,000 other scouts from all parts of Canada, and representatives from other countries.

In order for our young people to attend the Canadian Jamboree '77 many persons had to be generous with their time and their money. Throughout this past winter and spring many hours were spent in meeting planning for this occasion. Several fund raising events had to take place in order to raise over \$6,000. Due to the co-operation of everyone—parents contributions, individual and group donations, special events, and small Wintario grants—raising the money for this venture was somewhat a pleasant task. To those who in any way contributed their time, talent, and money the scouts, their leaders, and the members of the Group Committees of Haliburton and Minden wish to say a big THANK YOU.

When considering co-operation one should not overlook the fact that the adult-leaders (Bill Beers, Johnston Bailey, Les Northey and Ted Reid) and the bus driver (Evelyn Brooks) are quite willing to give up a portion of their holidays in order to make this journey possible. To them and their families our sincerest appreciation. Apart from the rewarding experiences of a national Jamboree our Scouts will have also had the opportunity to know the meaning of co-operation within our county. In preparing for this event, the scouts and the leaders of Haliburton and Minden co-operated on a number of occasions. Travelling together and representing Haliburton County in P.E.I. can only contribute towards unity within our county, which in turn is a first step towards National Unity.

Gerry Feltham,
Chairman of the Group
Committee,

1st Minden Scouts.

Lake Kashagawigamog,
July 3, 1977.

Dear Sir,

While using the dump facilities on the Scott's Dam Road yesterday, I happened to take a look at what had been thrown away. There appeared to be great quantities of tin cans and glass bottles in addition to other garbage. Since conservation of natural beauty and natural resources is being slowly encouraged

by all branches of government could there not be some provision made by the local governing bodies in the Haliburton Highlands to encourage year round and summer residents to re-cycle some of their refuse.

The obvious materials for re-cycling would be tins, glass and paper. Large metal containers could be left at the dump sites with identifying signs for people to separate their garbage. The tin cans, glass and paper could be resold and recycled as it is now done in many communities around the province. Monies earned in this manner could be used to offset the expense of

maintaining the dump sites throughout the Highlands area. Not only could this cut down on the enlargement of dump sites but it could also encourage all residents of the Highlands to conserve non-renewable resources.

I do hope that some efforts will be made in the near future by local councils to encourage conservation of beauty and resources.

Sincerely,
M. N. Miller.

JOIN THE CROWD

NOTICE WATER CONSERVATION PERIOD

Village of Minden

By the authority vested in me under By-law 77-34, I hereby declare the months of June, July and August, 1977 as a Water Conservation Period in the Village of Minden for all consumers on the Municipal Waterworks System.

No watering of lawns or gardens, washing of vehicles or other such uses is permitted except before 7:00 o'clock in the morning and after 8:00 o'clock in the evening.

Maximum fine is \$100.00.

This measure is taken to help guarantee an adequate supply of water to all residences for essential domestic purposes and to provide proper fire protection during this very dry season.

Your co-operation to help maintain these services will be appreciated.

Dated--June 17, 1977

MINISTRY OF THE ENVIRONMENT

PROJECT NO. 1-0185

CONTRACT NO. 3

Tenders for the Construction of a Water Pollution Control Plant and Pumping Stations for the Township of Anson, Hindon and Minden

Tenders, sealed in the envelopes provided which shall be clearly marked as to contents, will be received by the Contracts Officer, Ministry of the Environment, 6th Floor, 40 St. Clair Avenue West, Toronto, Ontario, M4V 1M2, until 3:00 p.m. Toronto time on

Thursday, Aug. 4, 1977

for the construction of the works described below. On the same day, commencing at 3:15 p.m. Toronto time, the tenders will be opened and read publicly by the Ministry's Tender Committee on the 6th Floor at the above mentioned address.

The work consists generally of the supply and placement of all materials and equipment for, and the construction of a water pollution control plant and two submersible type sewage pumping stations. The work generally includes the construction of a 0.208 MGD package sewage treatment plant, grit channels, effluent polishing filter, control building, outfall sewer, main pumping station and generator building, auxiliary pumping station, forcemain and watermain, associated mechanical and electrical work, site work including access road. Complete tender documents may be obtained from R. V. Anderson Associates Limited, Consulting Engineers, 1210 Sheppard Ave. E., Ste. 401, Willowdale, Ontario M2K 1E3, on payment of a deposit of \$60.00 per set. Each deposit shall be in the form of two cheques (not necessarily certified) payable to the Treasurer of Ontario in the amounts of \$35.00 and \$25.00. Upon the return to the Consulting Engineer within three weeks after the closing date for tenders of complete sets of tender documents in good condition, cheques will be returned as follows: (a) Both cheques will be returned in respect of one set of documents only to each general contractor who has submitted to the Ministry a bona fide tender for the general contract. (b) The cheque in the amount of \$35.00 will only be returned on the receipt of each other set of tender documents.

Each tender must be accompanied by a tender deposit in the form of a certified cheque payable to the Treasurer of Ontario in the amount of \$57,000.00.

A copy of the soil report is available at the Consulting Engineer's office and will be passed to those who take out tender documents and specifically request a copy of the report.

Tender documents may be studied without payment, at, but may not be removed from, the following premises:

Consulting Engineer's office (address below).

The Municipal Office, Minden, Ontario.

Peterborough District Construction Exchange, Box

56, 252 1/2 Charlotte St., Peterborough.

Toronto Construction Association, 1 Sparks Ave., Willowdale.

Orillia and District Construction Association, Orillia.

Ontario Sewer & Watermain Contractors' Association, 1541 Avenue Rd., Toronto.

Southam Building Reports, 1450 Don Mills Rd., Don Mills.

Scan Microsystems Ltd., 416 Bloor St. E., Toronto.

Commencing at 9:30 a.m. on a date to be confirmed by addendum, test pits will be dug at the proposed pollution control plant and pumping station site.

Tenders are subject to a formal contract being prepared and executed. The Ministry reserves the right to reject any or all tenders and the lowest or any tender will not necessarily be accepted.

Editorially

...and Fully

A page one story in this week's Progress tells of the very real concern of the Haliburton Highlands Chamber of Commerce and its President, Dennis Waymouth over the type of public information being released to the news media on environmental pollution. Mr. Waymouth charges that these releases often promote unwarranted and adverse area publicity that needlessly hurts the area's prime industry..... tourism.

Not for one minute is Mr. Waymouth suggesting that such news be suppressed.

Rather, he strikes out at news releases that either fail to give the complete picture or unintentionally downplay it.

Often this simply reflects a hesitancy to commit himself on the part of the person responsible for the release.

But, as we have often seen, fence-straddling can sometimes be the worst of all alternatives.

Recently in processing one such release of information this newspaper's staff made a number of telephone calls to various centers across Ontario simply in order to properly understand and evaluate the item for news purposes.

Quebec and the British Protestant throne

The gossip-writers recently had Prince Charles almost married, this time to a European princess. But there is a constitutional problem; she is Roman Catholic and no Roman Catholic may sit on or share the Anglican throne of Great Britain.

That probably doesn't bother Presbyterians, for after all British royalty become Presbyterian when they go to Balmoral. Nor should it bother Methodists, Baptists or United church loyal subjects either.

But there is Quebec! Now most Quebecers are Roman Catholic. And the Queen of England is the Queen of Canada and of Quebec. Most Quebecers may not make a fuss about it, but the rest of us should understand that is just one more rankling thing. We can hardly expect the devout Roman Catholic Quebecer to be terribly enthusiastic about a throne which is constitutionally denied to anyone who is not a Protestant.

We assume Jews, Muslims and many other Canadians are restrained in their enthusiasm for a Protestant Christian crown. We are not suggesting anything should be done about it, but point out that some of our heritage and tradition, treasured by many of us, will become increasingly cumbersome in a pluralistic and democratic society.

HOUSE OF COMMONS

Wednesday, June 29, 1977

As most of us are well aware, the conversion of Canada to the metric system is proceeding apace and, like it or not, we appear to be stuck with it. The following questions concerning conversion were asked by members, including Bill Scott, during the oral question period June 29.

ORAL QUESTION PERIOD

METRIC CONVERSION

REQUEST FOR MAINTENANCE OF MILES AND ACRES IN VIEW OF UNITED STATES DECISION

Mr. Stan Darling (Parry Sound-Muskoka): Mr. Speaker, my question is directed to the Minister of State (Small Business). Last week the United States government announced that it, unlike this government, was unwilling to disorient Americans needlessly by changing miles to kilometres. However, apparently this minister still intends to force this expenditure of millions of dollars, which will have the result of confusing people. Will the minister tell the House whether he has examined the U.S. initiative toward common sense, and will he now amend the act to allow basic measures such as miles and acres to stay as they are?

Some hon. Members: Hear, hear!

Hon. Len Marchand (Minister of State (Small Business)): Mr. Speaker, we are consulting the United States government to see what its intentions are—

Some hon. Members: Oh, oh!

Mr. Munro (Esquimalt-Saanich): What about Alberta?

Mr. Marchand:—with respect to miles and kilometres. It is our view that perhaps this announcement really was an announcement of a temporary measure and that it is the intention of the U.S. government in the long term to convert to kilometres. The information I have at this time as a result of further consultations with the provinces is that they have every intention of going ahead with their plans to convert road signs from miles to kilometres.

Mr. Darling: Mr. Speaker, not only will this cost Canadians a massive amount in terms of changing road signs and the like, but it will also place one more barrier in front of the U.S. tourist coming into Canada. With a tourist deficit projected to be \$10 billion by 1985 will the minister, if he is not ready to end these metrication follies, at least postpone the change to kilometres until he has ascertained that that move will not damage our already shaky tourist industry?

Mr. Marchand: Mr. Speaker, I will certainly take the hon. member's question into consideration. However, the Metric Commission has already had considerable consultation with the United States and also, wherever possible, we are letting the American travelling public know of our intention to change from miles to kilometres. It is our view this will not be a deterrent to any American tourists coming to Canada.

METRIC CONVERSION

REQUEST FOR ASSISTANCE TO FARMERS IN MEETING COSTS OF CONVERSION

Mr. W. C. Scott (Victoria-Haliburton): Mr. Speaker, my question is for the Minister of Industry, Trade and Commerce responsible to the Metric Commission. In light of the fact that the government has recently indicated that a subsidy will be made available to assist motor mechanics in changing over to metric tools, will the minister give consideration to broadening this assistance program to help farmers and other individuals who will also be forced to change over as a result of metrication?

Hon. Len Marchand (Minister of State (Small Business)): Mr. Speaker, the Metric Commission and the sector committees have considered this question very carefully and have decided there are only two areas where subsidies would be needed. These were especially high cost areas. One is self-employed mechanics who have to buy their own tools and the other one is the retail scales conversion. We have no plans at present to increase the number of people who will require subsidy.

Mr. Scott: A supplementary question. Will the minister give consideration to the farmers and all those people involved with their own maintenance in this industry? Some of them will have to buy tools as expensive as those for the motor mechanic but the legislation ignores them.

Mr. Marchand: Mr. Speaker, I will look into that.

Report from Queen's Park

John Eakins, M.P.P.

The 31st Ontario Legislature opened on the 27th June, when the Lieutenant-Governor read a brief, four-page, Speech from the Throne, indicating that there are five key policies which the Government hopes to push through before summer adjournment. These are the Treasurer's Budget, including a controversial 5 cent tax on pop cans; legislation forcing the Essex County Board of Education to build a French-language school; a Bill to create the new Ministry of Northern Affairs; amendments to the Environmental Assessment Act to enable Mr. Justice Patrick Hartt to launch an inquiry into development in the North; legislation to establish province-wide single-trade bargaining in certain sectors of the construction industry. The Government also hopes to meet the federal government's deadline for the conversion of speed limit signs to metric measurement and to gain approval for a three year unified family court experiment in Hamilton. Before the session opened, Liberal Leader Stuart Smith proposed the three provincial leaders form a Council to develop a common response to the national unity crisis. 'As much as possible, these matters should be raised above party politics', he said 'so that our political leaders are seen to speak with one voice for a united Canada.' He also proposed the Government should consult with two parties before introducing legislation to avoid confrontation which might lead to defeat of the Government and another election.

The Provincial Treasurer updated his April budget statement for the opening of the special summer session of the Legislature required to clear up the backlog of outstanding bills. In the update, it is calculated that the Provincial Treasury had lost \$25 million in estimated revenue, mainly because calling 'the election had delayed collection of the proposed higher tobacco taxes and a new five cent 'environmental tax' on soft drink cans. Both Opposition Parties are opposed to this latter tax and the

Ontario Soft Drink Association has estimated that seventeen hundred jobs would be lost as a result of its imposition.

While defeat of a budgetary tax measure could traditionally be considered a vote of non-confidence and grounds for an election, this is obviously out of the question. The device of a specific confidence motion following a legislative defeat was used about a year ago in connection with the government's defeat on the farm income stabilization plan. Whether this procedure will be used again remains to be seen.

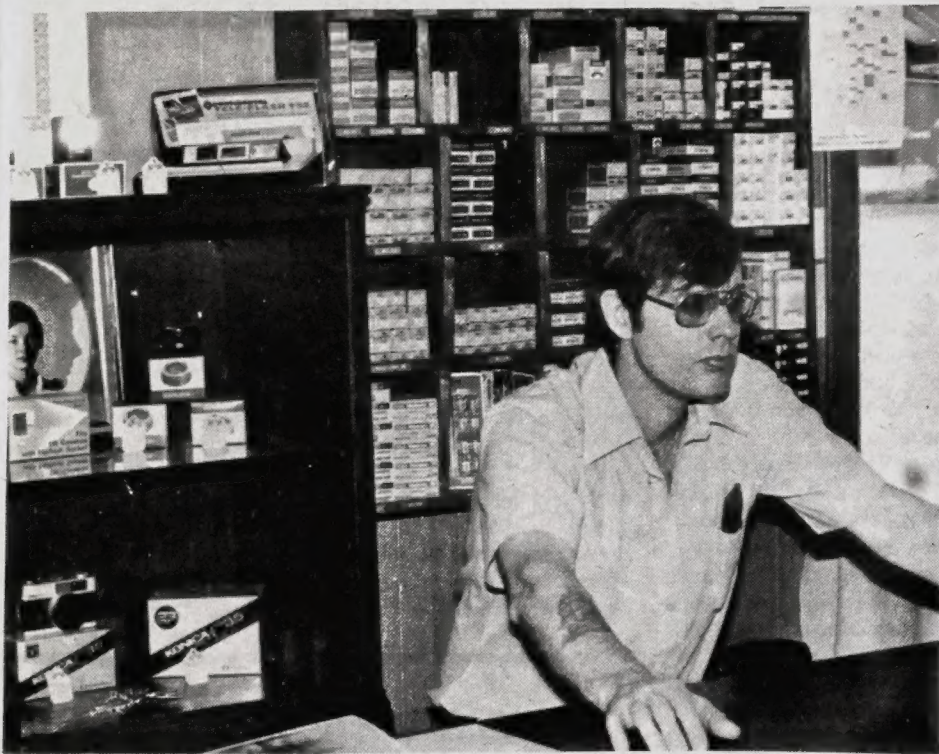

There has, of course, been considerable discussion of the jailing of NDP Member Ed Ziemba, who refused to tell a judge his source of information leading to charges against Abko Medical Laboratories for allegedly defrauding the Ontario Health Insurance Plan. Early in the week the Attorney General asked the Ontario Court of Appeal to study a series of hypothetical questions concerning an MPP's right not to disclose his sources. The Attorney General was reluctant to draw conclusions about what the court may decide, or what action the Crown might take, and informed the Legislature that he did not wish to appear to interfere with a court case, saying the final determination will be the judge's decision.

Legal rights enjoyed by Ontario MPPs are the same as those accorded to Members of Parliament in Britain, in Ottawa and the other Provinces, and in other countries. Which have adopted the British parliamentary system. The most important is, perhaps, immunity for being sued for libel for anything an MPP says in the legislature or a legislative committee. Roderick Lewis Clerk of the Legislature since 1955 and a Lawyer, has states that he knows of no jurisdiction where members have won the right to refuse to tell a court the source of confidential information.

See you next week.

BUSINESS SCENE

Minden adds photo shop

Another addition to Minden's ever-increasing business community is Gerald Cox's Nor-Photo shop on Main Street, Minden. Located next to Miss Nora's Beauty Salon, Gerald has a complete line of photography supplies including cameras, lens, tip-pods, flashes, cases, film and sundry other accessories. Gerald, son of Denzil and Jean Cox of Minden, took his photography training at NORD Photo Engineering in South Carolina. He is available to photograph weddings, birthdays, anniversaries and other special occasions and processes both black and white and colour film.

Travel
counsellors
to aid
tourists

Misguided tourists should be at a minimum this summer because of the placing of specially trained travel counsellors at roadside information booths in the central Ontario region.

The Central Ontario Travel Association (C.O.T.A.) of which the Haliburton Highlands Chamber of Commerce is a participating member, recently held a two-day training course in Peterborough under the auspices of the Ontario government's Experience '77 program, which hires and places students in information booths across Ontario.

In attendance from the Haliburton Highlands Chamber of Commerce were Minden office travel counsellor Jackie Gough, Haliburton office travel counsellor Louise Hubbert and Chamber secretary Elaine Blakey.

Purpose was to take 23 students from key locations throughout the Central Ontario area and turn them into experts on Tourism publications put out by the Ministries of Industry and Tourism, Natural Resources and Communications.

The seminar explained to the tourist counsellors C.O.T.A.'s role in promoting tourism in our region, outlined the travel and tourism industry, taught them to use government publications, maps and Ministry films on the various tourist attractions throughout the province and on how tourism influences a community in a financial way.

Haliburton Highlands
Chamber of Commerce

President's Statement

Dennis Waymouth, President of the Haliburton Highlands Chamber of Commerce, said today that the Chamber is becoming more and more concerned with the affect on tourism that we may experience due to current government press releases. 'We suffered through the adverse publicity of mercury contamination and now they are hitting us with Radon gas scare,' said Mr. Waymouth. The problem stems from the fact that the Ministries are releasing information which causes sensational headlines but does not tell the complete story. Koshlong Lake has been pinpointed in the Haliburton Highlands as being contaminated with mercury and the name of this lake along with the identification of Haliburton Highlands has been given a great deal of publicity through the various media because of this. Anyone contacting the Ministry of Natural Resources or the Ministry of the Environment will be quickly told that there is no cause for alarm, and that the amount of mercury present may have an adverse affect on anyone making a steady diet of Lake Trout from this Lake. Since it would be virtually impossible to catch enough Lake Trout to provide anyone with a steady diet of fish from this lake one questions why the whole point had to be mentioned in the first place. The second point which they fail to stress is that Koshlong Lake was one of only two lakes in our entire County to be tested. It is therefore very unfair for this to be centered out as supposed the only one in the County with this problem, if it is a problem, when there could be twenty or thirty more lakes in Haliburton in this condition. Local expert opinions suggest that this is not a pollution factor but a natural phenomenon due to the rock formations in our area. This mercury has probably always been with us, probably always will be and has had no apparent ill affect on anyone other than the unnecessary bad publicity created by the government.

The Bancroft area is now suffering the affects of publicity generated by the investigation into Radon gas in that area. If there were any genuine danger to the public, we would certainly not want any information in this regard suppressed. Certainly anyone who owns property where Radon gas is present should be made aware of any problems that may exist. Tourism operators in the Bancroft area tell us that the information released in the media has drastically affected the Tourism outlook this year and for apparently no good reason. Officials at the Atomic Energy Control Board will assure you that there is no immediate concern for either residents or tourists throughout the Bancroft region and we therefore question the necessity of all this adverse publicity.

The Chamber finds it indeed unfortunate that in these years of high competition for the Tourist Dollar, when Chambers of Commerce, Tourists Councils, and the Ministry of Industry and Tourism are all spending large sums of money while there are other Ministries of the government releasing information of this type which only serves to destroy these efforts. Help like this we don't need.

HALIBURTON COUNTY PUBLIC LIBRARY

PRESENTS

Programs for Summer '77

(starting week of July 11)

Cardiff Public Library	- Children's films	-Monday evenings from 7:30 - 8:30 at the Community Centre.

Wilberforce Public Library	- Children's films - Film Show	-Thursday afternoons from 2:00 - 3:30 at the Library.

Government by compromise...Smith

Ontario Liberal leader, Dr. Stuart Smith, thinks the new Legislature will have to govern by 'consultation and compromise' if it is to accomplish anything.

This was Smith's interpretation late last month of the June 9 election results. Smith told the Queen's Park press conference he believed the 'people of Ontario will be best served by extending consultation to deal also with the substance of legislation.' He proposed that 'government Ministers consult with members of the Liberal shadow cabinet and with N.D.P. critics before legislation is presented to the House and becomes a matter for confrontation.' As Ontario's leader of the Official Opposition he also hopes that 'Ontario's role in the fight for national unity is

above party politics in the months ahead.'

'This is a question of the utmost importance to our province. I am proposing, therefore, that a Leader's Council - consisting of Mr. Davis, Mr. Lewis and myself - be established and meet regularly to work out a common 'Ontario' position on minority language rights, the sharing of powers between the federal government and the provinces, approaches by Ontario politicians to the people of Quebec, and other matters pertaining to national unity. As much as possible, these matters should be raised above party politics, so that our political leaders are seen to speak with one voice for a united Canada,' Smith said.

The Liberals also want a Select Committee on Job

Creation established, to meet with businessmen, man-power planners and educators, and instructed to report back by September 30th.

Smith continued, 'we expect that such a committee would examine our proposal to assist small business with the salaries of new employees, and other job creation proposals that were advanced during the election. Clearly, there is a need for action beyond the government's present plans, and members of all parties in the Legislature should be enlisted to examine and recommend additional programs to create new jobs for implementation by the Legislature as soon as it resumes in the Fall.'

Hall's Lake News

Doreen Stinson

More rain and coolish weather dampened the spirits of some who came up for the holiday, but Sunday almost made up for it with sunshine most of the day. Traffic was heavy right from Thursday afternoon until midnight Sunday, and then again early Monday morning.

Not too many people turned out for church Sunday at St. Stephen's Church when a visiting Minister from St. Jude's Church, Toronto, celebrated Communion.

Don't forget the Tea and Bake Sale the Members of Club 35 are holding July 13th at the Club House on Hwy. 35. White Elephant Table will also be featured and goodies for the children.

The Meeting of the Hawk and Hall's Lake Property Owners' Association on Sunday morning was a pleasant and well-conducted meeting with a good attendance. The present hard-working Executive was returned to office as everyone seemed satisfied with their progress and efforts on behalf of all members for the past year. Mr. George Attridge was the capable Chairman and President, with Dr. McEachern as Vice President, Mr. Charles Robinson Treasurer, Mrs. H. Darling as Secretary and Directors including Bill Legate, Terry Goodyear, Fred Gardner as well as the President and Secretary.

Good to see so many of the old families back for another Summer. The young people have grown taller, and the older people look better.

Mr. and Mrs. Harold Penney of Toronto are spending three weeks at 'Thistlebrae Cottage'. They used to be quite active on the staff at Camp Kandalore.

Some of the ladies assisted Bill Gartshore in painting all the trim work on the little stone Church at Boshkung, namely St. Stephen's and it certainly looks nice. When we went over to ring the bell at midnight last Thursday (for Canada's Birthday) the Martin brothers had the lights on and with the dusk-to-dawn pole light (which John and Cora Hewitt so generously provided) it was a welcoming sight on a dark road when nearly all the houses were in complete darkness.

Nice to have Bishop Read pop in for a few moments on Sunday afternoon, en route home to Toronto from a speaking engagement at a Summer Camp North of here.

Sorry to read two mistakes in my news of last week, one is definitely mine -- that Mr. Tommie Craig used to be a Piper in the 48th Highlanders--he most definitely was not--but he certainly was in the Hamilton Argyle and Sutherland Pipe Band! Sorry Tommie--I don't want to start a feud! Also, the Stanhop Library hours are Thursdays 10 to 12 A.M. not P.M. as stated--these hours for the convenience of those who get out to do their shopping on Thursdays.

Enjoyed a late Sunday dinner at the Nordic in Dorset, where there is a pleasant dining room for about 40 people, good food and the owner himself waits upon you while his good wife is in the kitchen cooking delicious beef, steaks or fish dinners. Their salads are particularly appetizing! Everything is spotlessly clean and soft music makes for an enjoyable Sunday evening out.

Welcome back to Mr. and Mrs. Dan Regan, Rev. Stan and Mrs. Hills, Mr. and Mrs. David MacLennan and Dr. and Mrs. Bruce Morrow all from the Hamilton area, along with their families, also Mr. and Mrs. Charles Flood from near Ancaster. Dr. George Morrow and Mrs. Morrow are also in residence at their cottage, as are Mr. and Mrs. 'Corky' MacGregor of Guelph, and the Foote family. These folks have a cook-out each Saturday evening over at Carey's Point and have a great time together.

How good it is to see Mrs. Lizzie Johnson and Mrs. Marj Ferguson up for a holiday at the Ferguson home on the River! Lizzie looks fit as a fiddle and celebrated her 90th birthday last week. She formerly lived on the Hawk Lake Road but sold out and moved into a Seniors' apartment in Toronto.

Today is the American holiday and there are quite a few U.S.A. licence plates around.

More rain during the Sunday night and what we need now is a few good sunny days to dry up the dampness; even the gardens must have had enough moisture for the time being. We certainly needed rain, but enough is enough!

Norland Public School Graduation

by B. R. Hough

On Monday June 27th, 1977, The Grade 8 students of Norland Public School gathered at the Women's Institute Hall in Norland for Graduation Exercises. Master of Ceremonies, Doug Brohm, asked everyone to stand for the singing of O Canada and remain standing for Grace. A roast beef dinner was then served by the ladies of the Institute. Afterwards the ladies were thanked and presented with little gifts by Jackie Kenny. Then Principal, Brian R. Hough, spoke to the graduates briefly, about their future lives both in school and out. Athlete of the Year Awards were presented to Heather Davis and Leonard Fenton. The Outstanding Student Award was presented to Doug Brohm who, in the

estimation of the Staff, possessed those qualities of leadership, cooperation and academic excellence. Heather Davis then delivered the Valedictory Address about the student's years in the school and what she felt they could look forward to in their future.

Diplomas were presented by D.C. Parrott, Assistant Superintendent of Schools and silver dollars were presented by School Trustee, Margaret Stewart to the following students: Doug Brohm, Mark Chynoweth, Heather Davis, Leonard Fenton, Lila Jewell, Jackie Kenny and Craig Payne. Jim Bartley and Janice Young were not present. The evening ended when the students and their guests adjourned to the school for a dance.

Two fined for false statements

Two Victoria County men were convicted late last month in Lindsay Provincial Court of giving false statements to the Unemployment Insurance Commission.

Bradley Lytle, 23, of R. R. 1 Kirkfield was found guilty on 12 counts of giving false information during a January to June period in 1975.

Judge George Inrig fined Lytle \$100 on each count and gave him 30 days to pay.

Lytle, who was working at the same time he was drawing 'pogie', will have to repay the \$2,065 he collected from the U.I.C.

Ralph McGann, 51, of Burnt River, pleaded guilty to two counts of giving false information to the U.I.C. and was fine \$50 on each count by Judge Inrig.

June weather

	F	C
Average high	73	23
Average low	45.7	7
Average for month	59.3	15
Average for last		
June	69.1	21
Highest temperature		
June 27	86	30
Lowest temperature		
June 3	29	-2
Rainfall	3.4 in.	86.4mm
Riverwater temperature		
June 30	68	20
Days with thunderstorms	-5	

June was quite a cool month after the warm weather we enjoyed in May. In reality it was 8 degrees warmer than May and 9.8 degrees cooler than last June. Rainfall was about average at 3.4 inches.

Horticultural Society for Minden District gains momentum

During the past several weeks over 40 persons have signed a petition to create a Horticultural Society for the Minden District. The proposed Society aims to promote horticulture in general and in particular to encourage the beautification of public and private property through the planting of flowers and shrubs, expects to be organized soon.

The Petition for establishing the Society must be approved by the Provincial Ministry of Agriculture and Food. Anyone is eligible to become a member even if they don't have a 'green thumb'. Persons interested in supporting this project are asked to contact Mr. Richard Parisotto at the Minden Municipal Offices 286-1260. The Membership Fee is \$2.00.

Professional touch for garnishes

Colourful garnishes brighten family and company meals. Use them to add delightful touches of colour to cheese, meat, fish and salad platters, even desserts.

GARNISHING is an art adding appeal to the presentation of food. A garnish, like an ornament, adds to the appearance of food, but should not be gimmicky or overwhelming.

Carrot Daisies: Cut out V-shaped sections from the edge of a slice of carrot. Add vegetable or parsley centres if desired.

Radish Rose: Thinly slice the outer red skin of firm radishes into petals. Place in ice water and petals will fan out during chilling.

Radish Fan: Make thin parallel cuts across long oval radish, not quite to stem end. Stand about 30 minutes at room temperature. Spread fan like. Crisp in ice water.

Tomato Tulips: Score five lines through skin of cherry tomato at regular intervals from end half way down sides. To form

petals carefully peel back skin. Centre with parsley, if desired.

Celery Curls: Cut celery into 1/2 inch lengths. Cut one end into thin slices. Place in ice water to crisp and curl.

Lemon Twist: Use a fairly thick slice of lemon. Make one cut from outer edge to centre of slice. Pull cut edges in opposite directions to form an S-shape twist.

Carrot Curls: Peel large fat carrots. They should be at room temperature. Cut off a lengthwise slice 1/4 to 1/2 inch thick to give a broad flat surface. Starting at the tip end with a vegetable peeler, cut thin strips from the flat surface. Curl strips around finger and fasten with a toothpick. Drop in cold water and refrigerate several hours or put in a bowl of ice water for at least 1 hour before serving. Remove toothpicks.

About the Town

with Jeanne Sears

Started this column in the Progress July 6, 1968 and have had a bit of success with it, with mistakes now and then but no one is perfect. A word of thanks to all who help by giving or phoning in items and we must have them by noon as this is done Monday right after 4 p.m. Hope you have forgiven my mistakes and we will go on trying to keep you interested.

Mr. and Mrs. Wilnot Thomas of Scarborough and Mr. and Mrs. Marvin Thomas of Sturgeon Falls have been recent guests with their aunt Mrs. Clare Hobden.

Then there was the golfer who claimed he wasn't cheating on his score, for as he said, 'He played golf for his health.'

Live Theatre at the HighSchool Auditorium next Monday July 11th is to be 'Workin' for a living and all that jazz.' Your chance to take in something different, and give the T.V. a rest.

Mr. and Mrs. Fred Hewitt and family of Scarborough

spent the weekend with his parents Mr. and Mrs. Ern Hewitt and Colin.

There were many people from our Area spending some time in Stouffville this weekend as that town celebrated its 100th Birthday. We noticed Mr. and Mrs. Archie Stouffer busily signing their autographs in the book 'Stouffville 1877-1977' an interesting account of that town's history.

The Harold Coulter family enjoyed a camping weekend at Canisbay in Algonquin Park with those being present, Marj and Harold, Trudy and David, the Dale Coulters of Gravenhurst, the Bill Callows of Huntsville and the George Johnsons of Whitney.

Guests last week with their grandparents Mr. and Mrs. Bill Moore, were Jeffrey and Eden Moore of Clementsport, N.S.

Hint of the week--Hang those empty garbage bags over a wire hanger and you can easily take one off at a time and the twists can go over the hook.

Sincere sympathy goes to the family and friends of the late Vertle Richard Fry whose funeral was since last week.

The Mid-Summer Dinner at United Church Hall is July 13th from 5:30-7 with everyone welcome.

Mr. and Mrs. Taylor Hogg of Kirkland Lake visited over the weekend with Mrs. Harold Hogg (his mother) and Clayton Harrison (her father) and other relatives and friends.

Mrs. H. Blackfort of Amherst N.S. visited last week with her brother Bill Bennett and weekend guests with Bill and Vera were Mr. and Mrs. B. G. McCarthy and family of Oak Ridges and Mr. and Mrs. Pick Block of Mississauga and Mr. and Mrs. Ed Collins of Georgetown.

Holiday guests with Mr. and Mrs. M. Sears included Muriel Ewing, Chris and Scott of Toronto, Sandra Sears of Barrie.

Lord give me not just words to say,
Tho' I need right words, too;
But strength to live in such a way
My life will make my words come true.
Anon.

Red Cross Swimming Classes started this week, they teach safety so remember what YOU learned and take care. Cheerio until next time.

TOWNSHIP OF LUTTERWORTH

DECEMBER 31, 1976

AUDITOR

To Members of Council, Inhabitants and Ratepayers
of the Corporation of the Township of Lutterworth

Continued

We have examined the 1976 financial statements of the Corporation of the Township of Lutterworth, which are listed on the attached Index. Our examination included a general review of the accounting procedures and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Corporation of the Township of Lutterworth as at December 31, 1976 and the results of its operations for the year then ended in accordance with accounting principles generally accepted for Ontario municipalities applied on a basis consistent with that of the preceding year.

Haliburton County Livestock Producers Association

Since the last article there have been two successful meetings, plus the news from Queen's Park of Haliburton County being approved for a subsidized veterinarian. The subsidized veterinarian was a major project with the Association and with this accomplishment we can now direct our efforts to still other projects.

As quoted in the Minden Progress of June 8, 1977 \$1,000 was raised as the portion required to have a veterinary service in the County. However, it was never mentioned how the money was raised. It started with 50 interested farmers who put up \$20 each as a membership fee to raise the \$1,000. To date we have 70 members and are looking forward to one-hundred. As soon as we have 100 members the Association is going to rebate each member \$10.00. Ten dollars each is cheap insurance to have a veterinarian located in the area. The April meeting held at Mr. Martin's farm saw close to 100 persons on hand to learn more about horse management. In May the meeting was held at the Archie Stouffer Public School to discuss forage crops with local hay samples from last year on hand for analysis.

The July meeting is directed to the women with a Home Economics specialist from the Agriculture Office in Lindsay being the guest speaker; home preserving will be the topic. The meeting will be held at the Minden Municipal Office in Minden on July 12, at 7:30 p.m.

It was just one year ago on the 28th of July that the first meeting was held in Minden to form an organization backed by our Agriculture Representative Mr. Carm

Hamilton from Lindsay. Carm has faithfully attended every meeting and the Association gratefully acknowledges his efforts.

(Res. 754-2372)

Save electricity, save money.

There are two ways
saving electricity can save
money.

First, the obvious one.
The less you use, the less
you have to pay for. And to-
day, electricity is simply too
valuable to waste.

Second, something
not so obvious. Ontario uses
more and more power every
year. This means an ever
increasing investment in plant
and equipment...and their
cost is rising rapidly. The cost
of fuels is also increasing
rapidly. These costs inevitably
show up in the price you pay
for electricity.

You can help to slow
down the growing demand
by using electricity wisely.
Don't waste it.

Conserve energy.
The future depends on it.

New Carnarvon Business

A recent addition to Haliburton County's burgeoning business community is the Carnarvon Farmer's Market, above. Situated at the Carnarvon intersection of Highway 35 and the Vankoughnet Road, the new fruit and vegetable market is open seven days a week from 10 a.m. until 6 p.m.; except Fridays when it is open until 9 p.m. The business is owned by Doug Patterson, pictured here, and Fred Park. Doug, a 22 year veteran of Bell Canada in Rexdale, his wife Katharine and 13 year-old son Shawn have a cottage in Dorset and are all pitching in with this new adventure. So, too, are Fred and his wife Gaeta and their three children Kathy, Debbie and Steve. Fred who hails from Mississauga is the former owner of Highland Grove Restaurant. The Market is well stocked with fruits, vegetables, flowers, box plants, dairy products and frozen and cooked meats.

Failure to receive a tax bill does not eliminate the responsibility for the payment of taxes or penalties.

SUNSHINE

Our ray of welcome sunshine comes in the person of 20 year-old KATHY QUIBELL of Fenelon Falls. Kathy is a graduate of Fenelon Falls Secondary School who now works for Ontario Hydro

in their Minden office. This demure red-head enjoys all kinds of sports including tennis, baseball and swimming. As you can tell she is especially fond of the outdoors.

**\$200,000
"last beer"
settlement**

A recent out-of-court settlement involving close to one-quarter of a million dollars may make Ontario bartenders and their employers think twice about continuing to sell liquor to already intoxicated patrons they know will be driving.

This is expected to be the result of a decision published in a recent edition of Ontario Traffic Safety published by the Ministry of Transportation and Communications. According to the M.T.C. story, the insurer of a Kitchener hotel, that lent two dollars to beer-drinking patron Paul Giroux on July 7, 1973, and which he used to buy a last beef-for-the-road, has agreed to pay \$200,000 of a claimed \$250,000 in an out-of-court settlement to two persons injured by Giroux in a traffic accident after he left the hotel. Giroux was travelling the wrong way on the Conestoga Parkway in Kitchener when his car collided head-on with a motorcycle, seriously injuring the driver and the passenger. Giroux was convicted of impaired driving.

"It's 2 A.M. and I feel rotten. Who has time to read medicine labels?"

Sorry, there is no excuse for not reading the medicine label. The label tells you what it's for, how much to take and how often to take it. It's important information. Before you take any medicine, read the label. Medicines can't help you if you don't take them right.

COUNCIL ON FAMILY HEALTH.

PLEASE...

Mislead police, mischief charge follows

Hi there folks. My name is Ben and I'm a-hankering to get settled down in a home I can call my own. Some people call me Blackie-well I don't mind a bit 'cause I am black. A black Labrador Retriever, as a matter of fact. And not only that, I'm a healthy 8 month-old pup who just loves people. But gosh, I'm getting so lonely here hoping someone will come along and give me a good home. All I want is a chance to show you how loving and gentle I am an, of course, I'd be a really good

watchdog, too. Why don't y' all come round and give me a look-see. I'm at Animals in Distress (A.I.D.) at Mae's Bookstore in Minden. I'd just love to be your pet for ever and ever and ever.....

A West Hill man police say mislead them by denying he had been involved in a car accident Saturday night is in satisfactory condition in Lindsay's Ross Memorial Hospital with a deep chest laceration and an injured left arm.

Police say that 17 year-old Terry L. Walters told them that he had suffered his injuries in a boating accident while being treated at Minden hospital someone had stolen his car.

Police found his 1976 Firebird Trans Am on Horse-shoe Lake Road 2, just in from Highway 35. The \$9,000 car was damaged to the tune of \$6,000 and Walters has been charged with public mischief, careless driving and having open liquor in a motor vehicle.

Provincial Constable Dennis Potter investigated the incident which was one of seven collisions during the last week that altogether totalled some \$24,000 damage.

Earlier that same evening Constable Potter investigated a motorcycle accident which sent one man to Lindsay hospital in very serious condition.

Suffering from a suspected broken shoulder and other injuries is 22 year-old Gary Taylor of West Hill, driver of a 1977 motorcycle which missed an intersection and smashed into a hydro pole. Because of the seriousness of his injuries police have been unable to talk to Taylor as of press time Tuesday.

Sixteen year-old Brian Mc

Coll of West Hill, owner of the vehicle, was riding pillion at the time of the accident but escaped with minor cuts and bruises and was released from Minden hospital.

Police say Taylor went through the intersection of the Cupboard Store road and the Blairhampton Golf Club road and struck the hydro pole.

According to police neither man was wearing a helmet and McColl has subsequently been charged with that offence while charges are pending against Taylor.

The motorcycle sustained some \$500 damage.

An accident which occurred about noon last Wednesday on Highway 503 east of Kinmount has resulted in some \$3,500 damage to the 1976 van involved.

Seventeen year-old John P. Thompson of Toronto was eastbound on the road when he lost control of his van and rolled end over end in the north ditch.

Investigation by Provincial Constable Boyd Jarvis.

Meanwhile an early morning accident last Friday on Highway 503 east of Gooderham has resulted in an East York man being charged. Robert B. Stephens, 22, was northbound when his 1972 car entered the east ditch and rolled over.

Stephens car sustained some \$2,000 damage and he has been charged with careless driving and failing to report a collision by investigation officer, Provincial Constable Bob Pearson.

A two vehicle accident at noon last Friday has resulted in serious injuries, some \$4,600 damage and charges against one driver.

Patrick E. Hayes, 42, of Rexdale, was northbound on the Harburn Road when he collided on the crest of a hill with a motorcycle driven by 23 year-old Allan B. Clark of Keswick.

Clark is in St. Joseph's Hospital in Peterborough suffering from a fractured pelvis. A passenger on Clark's motorcycle received minor injuries as did Hayes and a passenger in his car.

Clark's 1977 motorcycle sustained some \$4,000 damage while Hayes 1973 car was damaged to the tune of \$600. Investigating officer Provincial Bob Jarvis has charged Clark with failing to share half the roadway.

A Sunday evening accident has caused some \$5,000 damage to the two vehicles involved.

Jane Miles, 25, of Newmar-

ket, was southbound on Highway 35, just south of Moore's Falls, when her 1977 Volkswagen collided with a 1974 pick-up truck driven by 17 year-old Wendy L. Oxtan of R. R. 1 Norland.

Oxtan was stopped in the northbound lane to make a left turn onto the Deep Bay Road when she turned in front of the oncoming Miles vehicle.

Miles car sustained some \$4,000 damage while the Oxtan truck received \$1,000 in damages.

Investigating officer, Provincial Constable Jim Solway, has charged Oxtan with making a turn not in safety.

Minden driver, Alfred W. Milburn, 34, escaped injury when his Haliburton County dump truck rolled over into the ditch on Kushog Road last Monday.

Damage to the truck was \$2500 and police say charges are pending.

Investigation by Provincial Constable Bob Rollins.
